

Flow Reporter Start Up Guide

Setting up Licensed Flow Reporter to Replace Demo Information

Objective: How to change the default company information after a license has been purchased

Equipment: Licensed Flow Reporter Software Version 4.0

While every effort was made to verify the following information, no warranty of accuracy or usability is expressed or implied.

Overview:

After a license for Flow Reporter has been purchased, the heading *Flow Reporter Demo* can be changed to reflect the name of the licensed purchaser, indicating that the software is no longer in demo mode.

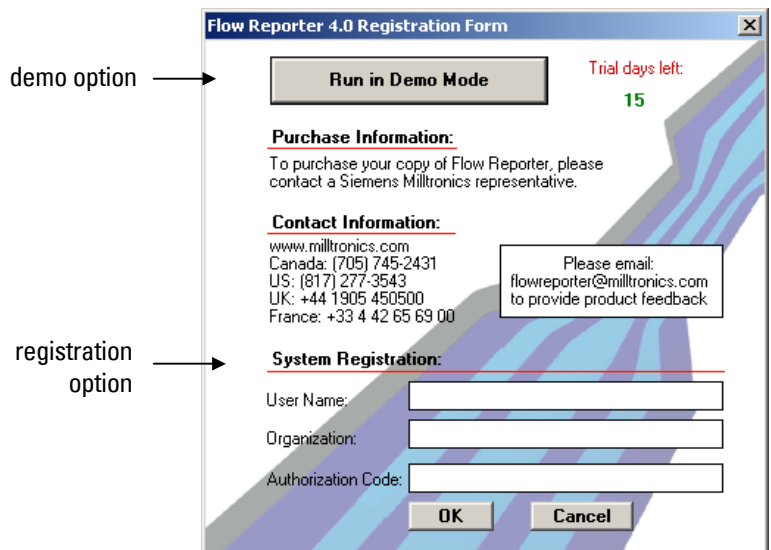

Procedures:

After installing the evaluation copy of Flow Reporter, the introduction screen gives you the option of entering a purchased license number immediately or to operate Flow Reporter for a 15-day trial period, after which the program stops working until a registration number is provided.

Registering the Program

1. Enter your User Name.
2. Enter the Organization name.
3. Enter the Authorization Code.
4. Click **OK** to open the Flow Reporter entry screen.

NOTE: The authorization code is sent to you by Siemens Milltronics after the license is purchased.

Siemens Milltronics Process Instruments Inc.

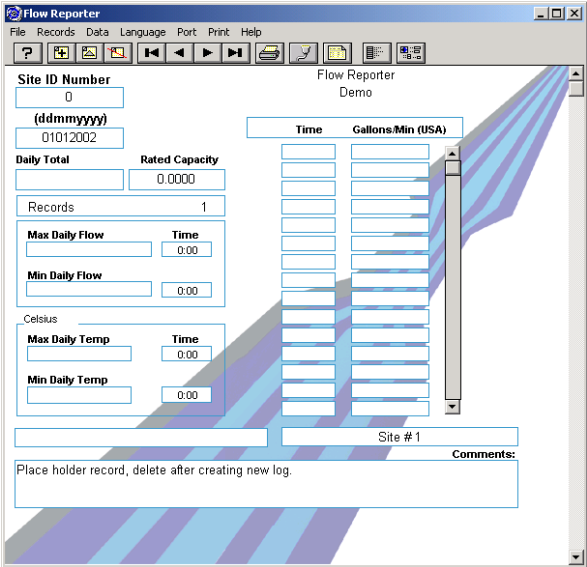

1954 Technology Drive, P.O. Box 4225, Peterborough, ON Canada K9J 7B1

Changing Default Name

The default company name, *Flow Reporter Demo*, will not change as the registration number changes. Changing this name has to be done manually.

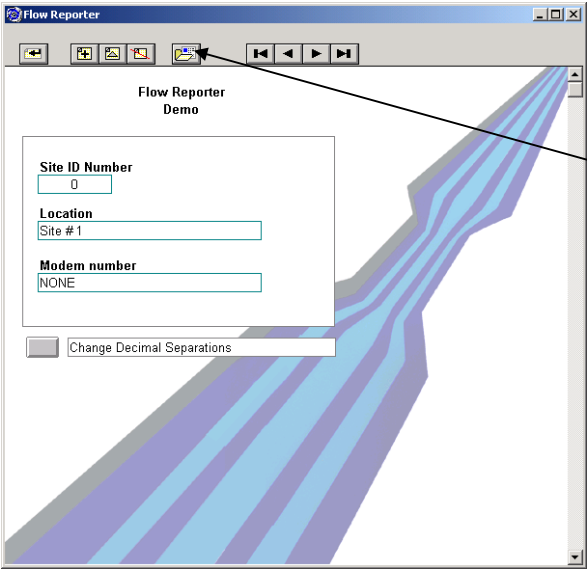

Step One

1. Click **File** on the menu bar.
2. Select **Change Site Info** to open the configuration screen.

Step Two

1. Click the **Change** icon (rollover ID: 'Change Company Information').

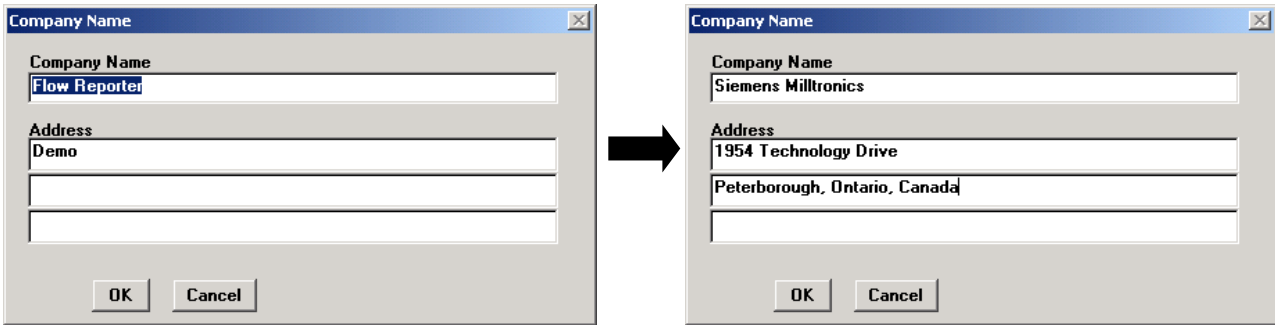

Change icon

APPLICATION GUIDE

Step Three

1. Change the Company Name and Address fields as required.
2. Click OK.

Step Four

1. Verify that the company name has changed.
2. To change again, follow Steps One to Three.
