

Hygienic design in perfection.

Always the right process connection for all food & beverage and pharmaceutical applications with the SITRANS P300 pressure transmitter in stainless steel.

SITRANS P

High product quality and strict hygiene regulations are just two of the high demands made by the pharmaceutical industry. The SITRANS P300 pressure transmitter has 3A approval and guarantees compliance with current regulations according to FDA and GMP guidelines. It is easy to clean thanks to its fully welded stainless steel measuring cell and stainless steel housing offering a maximum error of less than 0.075%. Making it the perfect fit for processes in the food & beverage and pharmaceutical industries. More information: www.siemens.com/sitransp300
